SUMMARY STATUS OF PRIOR YEAR AUDIT FINDINGS 32
INDEPENDENT AUDITORS’ REPORT

To the Board of Directors
Stroud Water Research Center, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Stroud Water Research Center, Inc. (a nonprofit corporation), which comprise the statement of financial position as of December 31, 2016, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Stroud Water Research Center, Inc. as of December 31, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Stroud Water Research Center, Inc.'s 2015 financial statements, and our report dated September 8, 2016, expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2015, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated September 7, 2017, on our consideration of Stroud Water Research Center, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Stroud Water Research Center, Inc.'s internal control over financial reporting and compliance.

Note 1  

Summary of Corporation activities and significant accounting policies

Corporation activities

Stroud Water Research Center, Inc. ("the Corporation") operates as a nonprofit corporation established under Delaware law. The Corporation's purpose is to advance knowledge of stream and river ecosystems through interdisciplinary research; to develop and communicate new ecological ideas; to provide solutions for water resource problems worldwide; and to promote public understanding of freshwater ecology through education programs, watershed restoration, conservation leadership, and professional service.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Comparative information

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a complete presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Corporation's financial statements for the year ended December 31, 2015, from which the summarized information was derived.

Basis of presentation

In accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 958 – Not-for-Profit Entities, the Corporation reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets.

Contributions and revenue recognition

Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction.
Contributions, including unconditional promises to give, are recognized in the period received. Conditional promises to give are not recognized until the condition is met. Contributions of assets other than cash are recorded at their estimated fair values. Contributions (pledges) to be received after one year are discounted at appropriate rates commensurate with the risks involved.

Contributions with restrictions met in the same year

Contributions received with donor-imposed restrictions that are met in the same year as received are reported as revenues of the temporarily restricted net asset class, and a reclassification to unrestricted net assets is made to reflect the expiration of such restrictions.

Net asset classifications

FASB ASC 958-10 – Not-for-Profit Entities-Disclosure, provides guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (“UPMIFA”). The accounting standard also requires disclosures about an organization’s endowment funds, both donor restricted endowment funds and board designated endowment funds, whether or not the organization is subject to UPMIFA.

The State of Delaware complies with UPMIFA. The Corporation has determined that a portion of its net assets meet the definition of endowment under UPMIFA.

Net assets, revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified as follows:

Permanently restricted net assets - resources contributed by donors under the stipulation that the principal of the gift be retained intact in perpetuity and that investment earnings on those gifts, both yields and gains and losses, be used to support operations. The donor may further stipulate that the earnings be applied to a specific operating purpose.

Temporarily restricted net assets - resources contributed by donors subject to use for a stipulated purpose or in a stipulated future time period.

Unrestricted net assets - resources available to support any operating need of the Corporation.

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or law.
Note 1  

**Summary of significant accounting policies (cont’d)**

**Net asset classifications (cont’d)**

When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction.

**Release of restriction on net assets for acquisition of property and equipment**

Contributions of land, buildings and equipment with donor stipulations concerning the use of such long lived assets are reported as revenues of the unrestricted net asset class. Contributions of cash or other assets to be used to acquire land, buildings and equipment are reported as revenues of the temporarily restricted net asset class. The restrictions are considered to be released at the time of acquisition of such long lived assets.

**Endowment investment and spending policies**

The Corporation’s endowment consists of individual funds established for a variety of purposes. Its endowment includes both donor-restricted funds and funds designated by the Board of Directors to function as endowments. As required by generally accepted accounting principles, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Directors of the Corporation has interpreted the State Prudent Management of Institutional Funds Act ("SPMIFA") as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Corporation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund, and (d) changes in the fair value of the beneficial interest in perpetual trust. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Corporation in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, the Corporation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Corporation, and (7) the Corporation’s investment policies.
Note 1  Summary of significant accounting policies (cont’d)

Endowment investment and spending policies (cont’d)

The Corporation has adopted investment and spending policies, approved by the Board of Directors, for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment funds while also maintaining the purchasing power of those endowment assets over the long-term. The Corporation’s objective is for its spending and investment policies to work together to achieve this objective. The investment guidelines are based upon an investment horizon of greater than ten years. In establishing the risk tolerances for this strategy, the Corporation’s ability to withstand short- and intermediate-term variability were considered. The current long-term return objective is to return an average of 8%. Actual returns in any given year may vary from this amount.

To satisfy its long-term rate-of-return objectives, the Corporation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Corporation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk parameters.

The spending policy calculates the amount of money annually distributed from the Corporation’s various endowed funds to fund Corporation operations and capital acquisitions. The current spending policy is to distribute an amount equal to 5% of a thirteen quarter weighted average of the value of endowment assets. In addition to this distribution, the Corporation’s finance committee has the authority to distribute additional funds as they are deemed necessary. Distributions from the endowment were $2,152,498 in 2016 ($2,249,323 in 2015), which included $1,091,924 in funds authorized by the finance committee.

Investments

Investments are comprised of common stock, mutual funds, alternative investment and cash management funds. Investments are stated at fair market value.

Property and equipment

Property and equipment are stated at cost. Cost is the purchase price at date of acquisition, if purchased, or the fair value at date of donation, if acquired by gift.

Depreciation is computed over the estimated useful lives of property and equipment using the straight-line method. The annual depreciation rates are based on the following ranges of useful lives:

<table>
<thead>
<tr>
<th>Asset Type</th>
<th>Useful Life</th>
</tr>
</thead>
<tbody>
<tr>
<td>Buildings</td>
<td>20-50 years</td>
</tr>
<tr>
<td>Building improvements</td>
<td>5-20 years</td>
</tr>
<tr>
<td>Equipment</td>
<td>3-10 years</td>
</tr>
<tr>
<td>Vehicles</td>
<td>5 years</td>
</tr>
</tbody>
</table>

-10-
Note 1  

**Summary of significant accounting policies** (cont’d)

**Property and equipment** (cont’d)

Renewals and improvements are capitalized. Normal maintenance and repairs are expensed as incurred and major renewals and improvements are capitalized.

Depreciation expense was $532,103 in 2016 ($511,195 in 2015).

**Deferred fees and amortization**

Debt issuance costs of $58,670, net of accumulated amortization of $8,549, are reported as a direct deduction from the face amount of the bonds payable to which such costs relate. Amortization of debt issuance costs is reported as a component of interest expense and is computed using the effective interest method, over the terms of the respective notes payable.

Interest expense related to the debt issuance costs for the years ended December 31, 2016 and 2015 was $1,597 and $1,524, respectively.

**Beneficial interest in perpetual trust**

Under the terms of the perpetual trust held and administered by a third party, the Corporation is the beneficiary of income earned on those trust’s assets in perpetuity. The Corporation recognized the fair value of the trust’s assets as permanently restricted contribution revenue and an asset (beneficial interest in perpetual trust) when it was notified of the trust’s existence.

Changes in the fair value of the trust’s assets are recognized as permanently restricted unrealized gains or losses in the period the change occurs. The change in value recognized was an unrealized gain of $78,351 in 2016 (unrealized loss of $507,325 in 2015).

The Corporation records income, in the period it is received from the trust, as an unrestricted contribution. Contributions received from the trust were $414,503 in 2016 ($396,401 in 2015).

**Income taxes**

The Corporation is exempt from income taxes under the provisions of Section 501(c)(3) of the Internal Revenue Code but can be subject to tax on unrelated trade or business income.

The Corporation complies with FASB ASC 740 – Accounting for Uncertainty in Income Taxes. For the years ended December 31, 2016 and 2015, the Corporation has determined it did not have a material tax liability for uncertain tax positions.
Note 1  Summary of significant accounting policies (cont’d)

Income taxes (cont’d)

The Corporation’s policy for penalties and interest assessed by income taxing authorities is to include them in other expenses. For the years ended December 31, 2016 and 2015, the Corporation did not incur any interest and penalties from taxing authorities.

The federal income tax returns of the Corporation for 2013, 2014 and 2015 are subject to examination by the Internal Revenue Service, generally for three years after they were filed.

Advertising costs

Advertising costs are charged to operations when incurred. Total advertising costs were $ 50 in 2016 ($ 1,365 in 2015).

Subsequent events

The date to which events occurring after December 31, 2016, the date of the most recent statement of financial position, have been evaluated for possible adjustment to the financial statements or disclosure is August 29, 2017, which is the date on which the financial statements were available to be issued.

Change in accounting principle

During 2016, the Corporation adopted the provisions of Accounting Standards Update 2015-03, Simplifying the Presentation of Debt Issuance Costs, which modifies the presentation of debt issuance costs and the related amortization. The change in accounting under this update affected the reporting of debt issuance costs by no longer reporting them as assets. It also modified the reporting of the related amortization by including it as a component of interest expense. This update has been adopted by the Corporation on a retrospective basis. As a result, total assets as well as bonds payable for the year ended December 31, 2015 have been reduced by the effect of the reclassification of debt issuance costs of $ 58,670, net of accumulated amortization of $ 6,952.

Note 2  Financial instruments

Concentrations of credit risk

Financial instruments that potentially subject the Corporation to significant concentrations of credit risk are principally cash, receivables and investments.

Cash is maintained in bank deposit accounts with financial institutions that at times exceeds federally insured limits. The Corporation has not experienced any losses in such accounts and does not believe it is exposed to any significant risk.
Financial instruments (cont’d)

Concentrations of credit risk (cont’d)

Receivables, which represent unsecured support and revenue, are periodically reviewed by management for collectability. An allowance for doubtful accounts is established if required.

Investments are unsecured and are managed by professional advisors subject to the Corporation’s investment policy. The degree and concentration of credit risk vary by type of investment.

Fair value measurement of financial instruments

The Corporation complies with FASB ASC 820 – Fair Value Measurements and Disclosures. FASB ASC 820 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles, and expands disclosures about fair value measurements. The definitions, framework and disclosures required by FASB ASC 820 apply to other accounting pronouncements that require or permit fair value measurement. FASB ASC 820 does not require any new fair value measurements of reported balances.

FASB ASC 820 establishes a three-level hierarchy that prioritizes the factors (inputs) used to calculate the fair value of assets and liabilities:

Level 1 - inputs are unadjusted quoted prices, such as a New York Stock Exchange closing price in active markets for identical assets. Level 1 is the highest priority in the hierarchy.

Level 2 - inputs may include quoted prices for similar assets and liabilities in active markets, as well as other significant inputs that are observable at commonly quoted intervals, such as interest rates, foreign exchange rates, and yield curves.

Level 3 - inputs are unobservable. Typically, assumptions determine the inputs since there is little, if any, related market activity. Level 3 is the lowest priority in the hierarchy.

The following methods and assumptions were used to estimate the fair value of each class of financial instruments:

Investments - the carrying amount approximates the fair value of investments. The fair value of Level 1 securities is determined by reference to quoted market prices and other relevant information generated by market transactions. The fair value of Level 2 securities is determined by using a market approach and reflects the fair value of an investment’s underlying securities divided by the number of shares that are outstanding within the fund.

Beneficial interest in perpetual trust - the carrying amount approximates the fair value which is determined by reference to quoted market prices and other relevant information generated by market transactions.

Note 5  Bonds payable

In 2008, the Corporation entered into an agreement to construct a new building to accommodate the needs of their education, communications, development and business departments which was completed in 2012. A portion of the funding for the project was obtained from tax-exempt bond financing in the amount of $ 6,500,000 which was approved by the Central and Western Chester County Industrial Development Authority and was advanced by Brown Brothers Harriman & Co (“BBH”).
Note 5  **Bonds payable (cont’d)**

Bonds payable totalled $5,734,300 as of December 31, 2016 ($5,975,503 as of December 31, 2015). The first $3,250,000 of the bond issue bears interest at 4.70% until December 23, 2035. The second $3,250,000 of the bond issue bears interest at 3.65% until December 23, 2035. Payments of interest and principal are due in accordance with the schedule outlined in the bond issue through December 2035.

Components of bonds payable are as follows for December 31, 2016:

<table>
<thead>
<tr>
<th></th>
<th>Bonds Payable</th>
<th>Unamortized Loan Costs</th>
<th>Net</th>
</tr>
</thead>
<tbody>
<tr>
<td>Current portion</td>

</tbody>
</table>
Note 5  **Bond payable (cont’d)**

**Covenants**

The Corporation must maintain the following financial covenants for the bond payable to its bank as follows:

- The Corporation’s unrestricted investments shall not be less than $8,000,000.
- The Corporation shall not incur an operating deficit for any fiscal year, as defined in the bond agreement, in an amount greater than $200,000.

The Corporation met the covenants described above as of December 31, 2016 and 2015.

Note 6  **Temporarily restricted net assets**

Temporarily restricted net assets are available for the following purposes at December 31:

<table>
<thead>
<tr>
<th></th>
<th>2016</th>
<th>2015</th>
</tr>
</thead>
<tbody>
<tr>
<td>Research programs</td>

</tr>
</tbody>
</table>

Note 9  Major contributors

Of the $973,409 in contributions received in 2016, none were received from major contributors (approximately 24%, or $298,476 of $1,223,774 was received from two contributors in 2015). Pledges receivable from major contributors was $150,000 as of December 31, 2016 and 2015.

Note 10  Major grantors

Of the $6,104,216 in program grants and contracts received in 2016, approximately 68%, or $4,133,916 of these program grants and contracts were received from three grantors (approximately 80%, or $5,193,617 of $6,515,560 were received from three grantors in 2015). Grants receivable from major grantors was $910,767 and $907,589 as of December 31, 2016 and 2015, respectively.

Note 11  Pension plan

The Corporation complies with FASB ASC 715 - Compensation-Retirement Benefits, for recognition and disclosure of its pension plan activity.

The Corporation has a defined benefit pension plan which covers all full-time employees with a minimum of one year of service. Annual pension benefits beginning at normal retirement age are equal to 1.25% of final average compensation for each year of service.
Note 11  **Pension plan (cont’d)**

The following tables set forth further information about the Corporation’s defined benefit pension plan for the years ended December 31:

**Pension plan obligations and funded status:**

| $848,844             | $475,189 | \[12] \]
Note 11  Pension plan (cont’d)

The estimated net loss and prior service cost for the defined benefit pension plan that will be amortized from other changes in unrestricted net assets into the net periodic benefit over the next year are $85,485 and $54,895, respectively.

The following assumptions were used in accounting for the pension plan:

Weighted average assumptions used to determine the pension benefit obligation at December 31:

<table>
<thead>
<tr>
<th></th>
<th>2016</th>
<th>2015</th>
</tr>
</thead>
<tbody>
<tr>
<td>Discount rate</td>
<td>4.15%</td>
<td>4.25%</td>
</tr>
<tr>
<td>Rate of compensation increase</td>
<td>3.00%</td>
<td>2.00%</td>
</tr>
<tr>
<td>Expected return on plan assets</td>
<td>6.10%</td>
<td>7.00%</td>
</tr>
</tbody>
</table>

Weighted average assumptions used to determine the net periodic benefit cost during the year ended December 31:

<table>
<thead>
<tr>
<th></th>
<th>2016</th>
<th>2015</th>
</tr>
</thead>
<tbody>
<tr>
<td>Discount rate</td>
<td>4.25%</td>
<td>4.00%</td>
</tr>
<tr>
<td>Rate of compensation increase</td>
<td>2.00%</td>
<td>2.00%</td>
</tr>
<tr>
<td>Expected return on plan assets</td>
<td>7.00%</td>
<td>7.00%</td>
</tr>
</tbody>
</table>

The expected rate of return on pension plan assets is determined by those assets’ historical long-term investment performance, current asset allocation, and estimates of future long-term returns by asset class.

The percentage of the fair value of total pension plan assets held as of December 31, 2016 by asset category is as follows:

<table>
<thead>
<tr>
<th>Asset Category</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cash and alternatives</td>
<td>5.3%</td>
</tr>
<tr>
<td>Equities</td>
<td>59.2%</td>
</tr>
<tr>
<td>Fixed income securities</td>
<td>35.5%</td>
</tr>
<tr>
<td>Other</td>
<td>0.0%</td>
</tr>
<tr>
<td></td>
<td>100.0%</td>
</tr>
</tbody>
</table>

The Corporation expects to contribute approximately $305,000 to the pension plan in the year ended December 31, 2017. No plan assets are expected to be returned to the Corporation during the year ended December 31, 2017. Future benefit payments, which reflect expected service as appropriate, are expected to be paid as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>2017</td>
<td>$337,098</td>
</tr>
<tr>
<td>2018</td>
<td>$332,913</td>
</tr>
<tr>
<td>2019</td>
<td>$432,627</td>
</tr>
<tr>
<td>2020</td>
<td>$426,565</td>
</tr>
<tr>
<td>2021</td>
<td>$426,064</td>
</tr>
<tr>
<td>2022 – 2025</td>
<td>$2,273,380</td>
</tr>
</tbody>
</table>
Note 12  Commitments - copier leases

The Corporation leases copiers under various operating leases. Future minimum rental payments under these operating leases by year and in the aggregate for each of the next five years ending December 31 are as follows:

<p>| | | | | |</p>
<table>
<thead>
<tr>

NOTES TO SCHEDULE OF EXPENDITURES  STRoud WATER RESEARCH CENTER, INC.
OF FEDERAL AWARDS

FOR THE YEAR ENDED DECEMBER 31, 2016

Note A  Basis of presentation

The accompanying schedule of expenditures of federal awards includes the federal
award activity of Stroud Water Research Center, Inc. under programs of the federal
government for the year ended December 31, 2016. The information in this schedule is
presented in accordance with the requirements of Title 2 U.S. Code of Federal
Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit
Requirements for Federal Awards (Uniform Guidance). Because the schedule presents
only a selected portion of the operations of Stroud Water Research Center, Inc., it is not
intended to and does not present the financial position, change in net assets or cash
flows of Stroud Water Research Center, Inc.

Note B  Summary of significant accounting principles

Expenditures reported on the schedule are reported on the accrual basis of accounting.
Such expenditures are recognized following, as applicable, either the cost principles in
OMB Circular A-122, Cost Principles for Non-Profit Organizations, or the cost principles
contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative
Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein
certain types of expenditures are not allowable or are limited as to reimbursement.
Stroud Water Research Center, Inc. has elected not to use the 10-percent de minimis
indirect cost rate allowed under the Uniform Guidance.
INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors
Stroud Water Research Center, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States
of America and the standards applicable to financial audits contained in the Government Auditing
Standards issued by the Comptroller General of the United States, the financial statements of Stroud
Water Research Center, Inc., which comprise the statement of financial position as of
December 31, 2016; and the related statements of operations, and cash flows for the year then
ended, and the related notes to the financial statements, and have issued our report thereon dated

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Stroud Water
Research Center, Inc.’s internal control over financial reporting to determine the audit procedures that
are appropriate in the circumstances for the purpose of expressing our opinion on the financial
statements, but not for the purpose of expressing an opinion on the effectiveness of Stroud Water
Research Center, Inc.’s internal control. Accordingly, we do not express an opinion on the
effectiveness of the Stroud Water Research Center, Inc.’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow
management or employees, in the normal course of performing their assigned functions, to prevent, or
detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a
combination of deficiencies, in internal control such that there is a reasonable possibility that a
material misstatement of the entity’s financial statements will not be prevented, or detected and
corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in
internal control that is less severe than a material weakness, yet important enough to merit attention
by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this
section and was not designed to identify all deficiencies in internal control that might be material
weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify
any deficiencies in internal control that we consider to be material weaknesses. However, material
weaknesses may exist that have not been identified.
Compliance and Other Matters

As part of obtaining reasonable assurance about whether Stroud Water Research Center, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Wilmington, Delaware
September 7, 2017
INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors
Stroud Water Research Center, Inc.

Report on Compliance for Each Major Federal Program

We have audited Stroud Water Research Center, Inc.'s compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of Stroud Water Research Center, Inc.'s major federal programs for the year ended December 31, 2016. Stroud Water Research Center, Inc.'s major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Stroud Water Research Center, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Stroud Water Research Center, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Stroud Water Research Center, Inc.'s compliance.
Opinion on Each Major Federal Program

In our opinion, Stroud Water Research Center, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2016.

Report on Internal Control over Compliance

Management of Stroud Water Research Center, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Stroud Water Research Center, Inc.’s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Stroud Water Research Center, Inc.’s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
